ABOUT ME

I am currently a Digital Design of Interactive Media student in my final semesters, with extensive work experience. I have had the opportunity to work not only in design but also in fields that have nothing to do with it. It's good to learn a little bit of everything!

Still, my main goal has undoubtedly been to prioritize my professional development within my field, which is why I have worked as a graphic and interactive designer on a variety of projects

EDUCATION

> UACJ - IADA

January 2020 - 2026

Digital Design of Interactive Media (DDMI) at UACJ.

EXPERIENCE

> COMMUNICATIONS SPECIALIST AT ECI

2025-2026

Thanks to my experience, I can highlight my time as a communications specialist at Electro Components International (ECI), where I developed a range of professional skills and abilities in design, editing, production, communication, and more. I am even able to travel to different parts of the country, such as the states of Baja California, Nuevo León, and Coahuila, to further improve my skills.

> DESIGNER ON A WORK SCHOLARSHIP FOR THE MASTER'S PROGRAM IN ARTIFICIAL INTELLIGENCE AND DATA ANALYTICS

January 2025

I had the opportunity to spend a semester as the designer for a master's program, creating audiovisual content to promote it.

> FREELANCE DESIGNER FOR VARIOUS CLIENT

2024 - 2025

Since 2024, I have enjoyed working independently for a variety of clients, both small and large. They include local clients, some based in the United States, and even UACJ itself.

> JUNIOR DESIGNER AT BOYANTE

2023

As a Junior Designer at an agency, I had the opportunity to explore new skills and learn a great deal about graphic design.
